

# National Volunteer Week 2021

## - THE VALUE OF ONE, THE POWER OF MANY-

Thinking about this year's theme for National Volunteer week, it is an opportunity to showcase the impact of volunteer service and highlight all of the awesome acts of kindness that individuals give..... in their time, in their expertise and in themselves.

Our past year was full of challenges for NYSC where our programs and services pivoted, changed and new services emerged due to the pandemic. Even through these uncertain times, some of our volunteers have shone through, ready to assist, ready to help, ready to "be there" for the member/clients of the organization. We are so grateful for the flexibility of our Volunteers.

National Volunteer Week provides us the opportunity to pause and take time to formally applaud our Volunteers....but please know, we appreciate you every day. You have tackled a year of the greatest challenges and supported each other through it with your outpouring of care and compassion. Volunteers are special people who make the community a better place.

It is the power of many hands and hearts of our volunteers that combine to provide the foundation of the value of one organization, NYSC Thank You to all of the volunteers who dedicate their time! We miss you and we can't wait to see everyone back with us soon!

Take the best of care,

Candace Thomson, Executive Director
